

GTG Prompt

VERO — AI Landing Page Build Prompt

Single source of truth for building the Vero hero landing page.
Read all sections before writing any code.

QUICK REFERENCE

Key	Value
Brand	Vero
Output	Single self-contained HTML file
External deps	Google Fonts only (no JS frameworks)
Max page width	1200px
Responsive break	768px

1. BRAND IDENTITY & COPY

Hero Headline: "Helping You Build Better Money Habits"

Subheadline: "Financial knowledge alone doesn't change behaviour. Vero is an AI-powered financial wellness platform that helps Gen Z build stronger money habits through personalised gamification."

Primary CTA: "Join Waitlist"

Social proof: "Rated 4.9/5 by 2,700+ customers"

Nav Links

Home · Features · Company · Pricing

About Vero (for context — use to inform tone & any body copy)

- Built for Gen Z in the UK
- Turns everyday financial decisions into small gamified challenges
- Rewards discipline and progress (not spending)
- Contributes to UN SDGs: SDG 4 (Education), SDG 3 (Wellbeing), SDG 12 (Responsible Consumption)

Key Stats (available for use in hero or below-fold sections)

- 82% of testers reported feeling more in control of their money
- 64% said expense tracking became easier to stick to
- 55% maintained a 7+ day tracking streak
- 42% reported improvements in financial stress levels
- 50 active early adopters tested over one month

The Problem (context for messaging tone)

- 56% of Gen Z say impulse purchases are their biggest budgeting challenge
- £8/day average spent on unplanned purchases → £2,800/year → £17,000/5 years
- 78% of Gen Z say managing money feels stressful and time-consuming
- 49% of UK Gen Z feel stressed or anxious about money most of the time (*Deloitte, 2025*)

2. COLOR SYSTEM

```
--color-primary:      rgba(0, 192, 172, 0.85)  /* CTA, interactive
*/
--color-primary-solid: #00C0AC                  /* hover state */
--color-secondary:    #005149                  /* headings, emphasis, data */
--color-accent:        #FFC857                  /* rewards, stars, positive feedback */

--color-bg:           #F7FBFA                  /* page background – soft mint-white */
--color-surface:       rgba(255, 255, 255, 0.6) /* cards, floating UI */
--color-border:        rgba(0, 81, 73, 0.12)

--color-glow-1:        #D4EDEB                  /* top-left radial glow */
--color-glow-2:        #A8E3DC                  /* deeper teal glow */

--color-text:          #003C36                  /* body text */
--color-text-muted:    rgba(0, 60, 54, 0.55)

--color-success:       #22C55E
```

```
--color-warning:      #F59E0B
--color-error:        #EF4444
```

3. TYPOGRAPHY

Role	Font	Weight	Size	Line-height	Tracking
Display / Headline	Quicksand	Bold	64px	1.1	-1px
Subheadline	Inter	Regular	18px	—	-0.3px
Body / UI	Inter	Regular / Medium	16px	1.7	—
Badge / label	Inter	Medium	13px	—	—

Google Fonts import: `Quicksand:wght@700` + `Inter:wght@400;500` **Global:** `-webkit-font-smoothing: antialiased`

4. GLASSMORPHISM TOKEN SET

Apply **consistently** to navbar, CTA button, badges, and all glass surfaces. Do not vary values between components.

```
backdrop-filter: blur(20px);
background:      rgba(255, 255, 255, 0.65);
border:          1px solid rgba(0, 81, 73, 0.10);
box-shadow:      inset 0px 1px 0px rgba(255, 255, 255, 0.6),
                 0px 10px 30px rgba(0, 81, 73, 0.08);
border-radius:   20px;
```

5. BACKGROUND LAYER SYSTEM

Build the background as three stacked layers:

Layer	Role	Value
0 — Base	Page background	<code>#F7FBFA</code>
1 — Glow top-left	Soft radial	color <code>#D4EDEB</code> , opacity 0.6, blur 120px
2 — Glow center-right	Subtle teal	color <code>#00C0AC</code> , opacity 0.15, blur 160px
3 — Content	z-index: 10	All page content sits here

6. LAYOUT & STRUCTURE

- **Max width:** 1200px, centered
 - **Page padding:** 0 24px
 - **Desktop ($\geq 768\text{px}$):** Two-column grid — content LEFT, visual mockup RIGHT
 - **Mobile ($< 768\text{px}$):** Single column — visual mockup ABOVE content
 - **Box-sizing:** `border-box` on `, *::before, *::after`
 - **No horizontal scroll:** `overflow-x: hidden` on body
-

7. NAVBAR COMPONENT

- **Position:** sticky, `top: 24px`, centered (floats above content)
 - **Style:** glassmorphism token set (Section 4)
 - **z-index:** 100
 - **Logo:** "Vero" — Quicksand Bold, color `-color-secondary`
 - **Nav links:** Home · Features · Company · Pricing — Inter Medium, muted text color
 - **CTA button:**
 - Label: "Join Waitlist →"
 - Background: `rgba(0, 192, 172, 0.12)`
 - Border: `rgba(0, 192, 172, 0.25)`
 - Text color: `#00C0AC`
 - Border-radius: 20px (matches glass token)
-

8. HERO SECTION — LEFT COLUMN

Build in this exact top-to-bottom order:

8a. Social Proof Badge

- Text: ★★★★★ "Rated 4.9/5 by 2,700+ customers"
- Stars: 5 filled stars, color `#FFC857`
- Style: pill shape, glassmorphism tokens, Inter 13px, `width: fit-content`

8b. Hero Headline

- Text: "Helping You Build Better Money Habits"

- Font: Quicksand Bold, 64px, tracking -1px, line-height 1.1
- Optional: wrap "Better Money" in a gradient span using `-color-primary-solid`

8c. Subheadline

- Text: "Financial knowledge alone doesn't change behaviour. Vero is an AI-powered financial wellness platform that helps Gen Z build stronger money habits through personalised gamification."
- Font: Inter Regular, 18px, tracking -0.3px
- Color: `-color-text-muted`
- Max-width: 480px

8d. Primary CTA Button

- Label: "Join Waitlist"
- Background: `rgba(0, 192, 172, 0.85)` → hover: `#00C0AC`
- Text: white, Inter Medium
- Border-radius: 16px
- Backdrop-blur: 2px
- Box-shadow: `inset 0px 4px 4px 0px rgba(255,255,255,0.35), 0 4px 24px rgba(0,192,172,0.35)`
- Right icon: white circle with → arrow
- Hover: `transform: scale(1.02)`, transition 0.2s ease

9. HERO SECTION — RIGHT COLUMN (App Mockup)

Build a **product UI mockup** (NOT an abstract orb or decorative shape).

The mockup should look like a real mobile app screen for Vero — a financial wellness app.

Suggested mockup contents to render as SVG/HTML:

- App header: "Good morning 🙌 / Your streak: 🔥 7 days"
- A savings progress ring or bar (e.g., "Monthly Goal: £200 / £340")
- 1–2 gamified challenge cards (e.g., "☕ Skip one coffee today · +15 pts", "🛒 No impulse buys this week · +50 pts")
- A small reward badge (e.g., "🎁 Grocery Voucher unlocked!")
- Use the brand color palette; glassmorphism for cards
- Accent color `#FFC857` for XP/points indicators

CSS:

```
transform: scale(1.05);  
filter: none;  
mix-blend-mode: normal;
```

10. TRUSTED-BY LOGO STRIP (bottom of hero section)

- **Label:** "TRUSTED BY UNIVERSITIES & STUDENT COMMUNITIES" — 12px, uppercase, letter-spacing 0.06em, muted color
- **Logos (SVG wordmarks or text):** UCL · King's College · LSE · Monzo · Revolut (*placeholder names — style as greyscale wordmarks*)
- **Filter:** `grayscale(100%) opacity(0.35)`
- **Hover:** `opacity(0.55)`
- **Gap:** 80–100px between logos
- **Separator:** 1px solid border above the strip
- **Position:** pinned to bottom of hero section, above page footer

11. TECHNICAL REQUIREMENTS CHECKLIST

- ☐ Single self-contained `.html` file
- ☐ Google Fonts only — no JS frameworks
- ☐ `webkit-font-smoothing: antialiased` on body
- ☐ `box-sizing: border-box` on `, *::before, *::after`
- ☐ `overflow-x: hidden` on body
- ☐ Z-index: glow = 0, content container = 10, navbar = 100
- ☐ Navbar sticky at `top: 24px`
- ☐ Responsive at 768px — single column below breakpoint
- ☐ All hover transitions: 0.2s ease
- ☐ CTA button hover: `scale(1.02)`
- ☐ Glassmorphism token values must not vary between components
- ☐ No `<form>` tags — use `<button>` with onclick handlers if needed

12. TONE & PERSONALITY NOTES

(for any copy decisions or micro-interactions)

- Friendly, warm, and motivating — not preachy about money
- Speaks to Gen Z: conversational, honest about the struggle
- Gamification feel: progress, streaks, challenges, rewards
- Trustworthy but approachable — not a traditional bank
- Key emotion to evoke: **"I can actually do this"**
