1. SUMMARY

Core Idea:

Gen Z doesn't have a knowledge problem — they have a **behavior problem**

Problem:

- Modern digital economy = **designed for spending**
- Small impulse purchases → huge long-term impact
- Financial stress is **high + persistent**

Key stats:

- 56% struggle with impulse spending
 - £8/day → £17,000 over 5 years
 - 78% feel managing money is stressful
-

Gap in Market:

- Existing apps = **tracking tools**
 - They show:
 - "where money went"
 - But don't help:
 - "change behavior"
-

Solution (Vero):

AI-powered financial wellness platform using **gamification + personalization**

- Turns money decisions into **small challenges**
 - Builds **habits**, not just awareness
-

Impact Direction:

Vero measures:

1. **Reduced financial stress**
 2. **Habit formation consistency**
-

Early Validation:

- 82% feel more in control
- 64% easier to track expenses
- 55% maintain streaks
- 42% reduced stress

Bigger Vision:

- Ecosystem with:
 - universities
 - brands
 - financial institutions
 - Rewards = **useful, not consumerist**
-

SECTION · PROBLEM

AI Instruction

Create a section that highlights the financial struggles of Gen Z.
Use a two-column layout:
- Left: strong emotional copy
- Right: key statistics in large numbers
Tone: empathetic, not judgmental

Copy

Headline:

The System Is Built to Make You Spend

Body:

Today's digital world makes spending effortless.

One-click checkouts, targeted ads, and endless scrolling are designed to keep you buying — often without thinking.

Small, everyday purchases quietly build up into long-term financial pressure.

Stats:

- 56% struggle with impulse spending
 - £8/day → £17,000 over 5 years
 - 78% feel managing money is stressful
-

SECTION · INSIGHT (IMPORTANT)

AI Instruction

Create a minimal section explaining why existing solutions fail.
Center-aligned, strong contrast.

Copy

Headline:

Awareness Doesn't Change Behaviour

Body:

Most financial apps show you where your money went.

But they don't help you change what happens next.

Some even reward spending — making the problem worse.

SECTION · SOLUTION

AI Instruction

Introduce Vero as the solution.
Use soft card UI to highlight features.

Copy

Headline:

Meet Vero

Body:

Vero helps you build better money habits through small, consistent actions.

Instead of tracking alone, Vero guides you — turning everyday financial decisions into simple challenges that help you stay in control.

SECTION · HOW IT WORKS

AI Instruction

Create a 3-step horizontal flow with icons or cards.

Copy

1. **Track effortlessly**

Log expenses naturally, without friction

2. **Get personalised challenges**

AI suggests small actions tailored to your habits

3. **Build consistency**

Stay on track with streaks, rewards, and feedback

SECTION · SOCIAL PROOF

AI Instruction

Create testimonial cards with user quotes.
Include avatar placeholders.

Copy:

- "It feels like a game — I actually stick to it."
 - "I started thinking twice before spending."
 - "Tracking money finally feels easy."
-

SECTION · IMPACT METRICS

AI Instruction

Create a grid of large numbers with labels.

Copy:

- 82% feel more in control
- 64% track more consistently
- 55% maintain streaks
- 42% reduced financial stress

SECTION · BEHAVIOUR CHANGE (YOUR DIFFERENTIATOR)

AI Instruction

Create a before vs after comparison section.

Copy:

Before Vero

- Tracking feels like a chore
- Spending is reactive
- Financial stress builds up

After Vero

- Tracking becomes a habit
- Spending becomes intentional
- Confidence replaces stress

SECTION · ECOSYSTEM

AI Instruction

Create a section showing partnerships and ecosystem value.
Use logos and supporting text.

Copy:

Vero connects students, universities, and brands to build a healthier financial ecosystem.

Instead of encouraging spending, we reward smarter decisions — supporting both users and partners.

SECTION · FINAL CTA

AI Instruction

Create a strong closing CTA section with centered layout.

Copy:

Headline:
